

Tango

The **TANGO (P/N 406002-X)** was designed and tested to satisfy those skydivers who look for a true compromise of enjoyment and reliability with comfort, easy packing and low maintenance.

FAA TSO C23d and EASA ETSO C23d Certified.

Manufactured in Cordura 1000 Ds in (7) seven different sizes for every canopy size, the TANGO assures the safety and comfort to enjoy skydiving. The reserve container is lined inside in order to avoid the resin to be in contact with the pilot chute and the reserve deployment bag.

Standard configuration:

- Stainless Steel 3-Ring system
- 1-Pin Main & Reserve Container
- TY-8 Standard or TY-17 Main Risers
- Riser Dive Loops (Mini Risers)
- Molar Reserve Bag
- Reserve Ripcord Handle or Soft Pillow
- Plastic Handle Pilot Chute
- BOC Deployment
- Riser Cover without Velcro
- Main & Reserve Toggles
- Kill-Line Collapsible Pilot Chute Optional
- High Density Leg Pads
- RSL & CYPRES Ready

Model	P/N	NSN	9-Cell Main Canopies (sq.ft.)	7-Cell Reserve Canopies (sq.ft.)
TANGO T1	406002-1	1670-33-206-8869	90-110	100-110
TANGO T2	406002-2	1670-33-206-8863	120-140	115-125
TANGO T3	406002-3	1670-33-206-8864	150-170	130-150
TANGO T4	406002-4	1670-33-206-8865	180-210	155-170
TANGO T5	406002-5	1670-33-206-8866	220-250	180-220
TANGO T6	406002-6	1670-33-206-8867	260-280	230-260
TANGO T7	406002-7	1670-33-206-8868	290-300	265-280
